Hi [.....]

**I know what you've been thinking.**

You've watched hours of mildly entertaining family collab videos and thought, **"My family are WAY more interesting than this! We'd crush it on YouTube!"** (Or something to this effect, right?)

The problem is, you have no idea where to begin! It all just feels too much...

- 🤔 **Should you rush out to buy the expensive camera?**
- 🤔 **Give the house (and husband) a makeover?**
- 🤔 **Or take a crash course in video editing to unleash your inner Spielberg?**

And, on top of all these daunting dilemmas, **"Where oh where do people find the time for this YouTube malarky?"** you wonder.

So you put your YouTube dream aside .... until another so-so family-collab pops up and you can't help but think: **"I just KNOW I could do a way better job!"**

**A frustrating cycle, right?**
